

Yale Smart Opener for Garage Doors & Gates

Yale Smart Opener for Garage Doors

Sectional Door

Tilt Door

The Yale Smart Opener is designed to provide seamless access to gates and garages using the Yale Home App, from anywhere in the world. Compact in size and easy to install on already fitted automation devices, you can open your gates and garage doors as you approach, without needing to know where you left your remote.

Yale Smart Opener for Gates*

App control

Control and monitor your gate and garage doors using the Yale Home app

Seamless access into home

Auto open your gate or garage door as you approach

Access right management

Grant or revoke rights from the app

Swing Gates

Sliding Gates

Folding Gates

Roller Door

Swing Door

Side Sectional Door

- Easy to install
- Connect from anywhere in the world using your phone: convenient status updates and instant notifications, no matter where you are
- Easy key sharing with family, friends or trusted visitors
- Get notified when garage or gates has been opened without access rights

Trusted every day

* The Yale Smart Opener for Gates will be required for some types of garage doors, as a magnet will be needed.
