

Shelly Wall Display

CONTROL AND MONITOR ALL YOUR DEVICES FROM ONE PLACE

The Shelly Wall Display is your ultimate central control panel for a smart home experience like no other. Connect it to your Shelly Cloud account and you can easily control & monitor other Shelly devices. Now, you can effortlessly turn your devices on/off with a simple touch and monitor temperature, humidity, and power consumption at a glance. Shelly Wall Display features a built-in 5 A relay, which is a breeze to operate; a quick tap with two fingers lets you switch it on or off without even needing to look.

A SMART THERMOSTAT FOR YOUR HOME

Shelly Wall Display can replace your existing thermostats, offering you an intuitive interface to easily monitor, manage and optimize your heating or cooling. Additionally, an external temperature sensor can be used for more accurate readings in large spaces. For bigger loads than 5 A, a contactor can be used to control bigger appliances.

Display

4-inch high quality touch color display

Easy navigation

swipe left/right

Innovative ON/OFF touch control

Tap the display with more than one finger to control the lights

Shelly Smart Control App integration

Scene control and Scheduling

Integrated relay for lighting control
