

sDock^{pro}

Wall mount + Charging point + Picture frame = All in one.

 **Lockable**
The plug-in-lock securely locks the sDock.
The iPad cannot be removed without a key.

 **Pivotal.**
sDock can be rotated by 90 degrees.

 **Chargeable.**
An Apple Dock Connector and three USB micro connectors are integrated into the lower fastening latch. You can charge all the latest iPads, iPhones, or iPods, at the sDock.

 **Wallmount.**
There are no plump, disfiguring grip fasteners or magnets necessary to hold it.

 **Picture Frame.**
Without an iPad it turns into a stylish clip-on photo frame made from anodized aluminium, that you can use to display your favourite pictures, information, or advertising.

An iPad is an iPad...
The design of the iPad remains pristine.
A Smart Cover is the perfect match for the sDock.

Easy Handling.
The iPad is securely inserted into the sDock with a flick of the wrist. Latch it and immediately start charging it.

CableManagement. Power supply.
a - on the wall surface: from the external USB connector to the nearest socket with our extra long USB cable.
b - flush with the wall surface and no visible cables anymore: the sDock can have its power supply at the back - and thus remains pivotable! You can use either the Apple power supply or our sCharge inwall charger. Go to our website for more information.

sDock^{pro}

Wall mount.
Charging point.

The **Upgrade Kit** converts your sDock pro (30-Pin) into a sDock pro 2 (Lightning) ----->

sDock^{PRO} the smart way :) to hold an iPad.

Unobtrusive Eye-Catcher

The sDock looks stylish even without an iPad, which is more than other wall mounts can claim to do. :)
On its own it turns into a stylish clip-on photo frame which can be used both in portrait and landscape format.

Office.

Productive.

A permanent place for your iPad in the office where it can be charged and securely stored. The sDock can support the CI of your enterprise. Neat, stylish, productive.

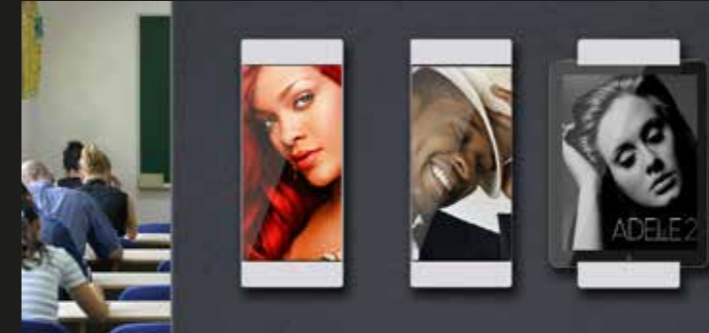

Hospital.

Mobile Patient's Files.

Optimal availability of patient's information everywhere in the hospital and not only at dedicated computer workplaces.

School.

For Allrounders.

Quickly charge your iPad in between.
Or lock it securely during PE. Cool.

Hotel.

Up on Service.

The sDock at reception, acting as a charging point before guests can borrow it. In the rooms, acting as a lockable charging point for iPads, iPhones, or iPods. The empty sDock is acting as an attractive display for information and advertising.

via iPad

Book a massage. Order videos. Get room service.
Read your daily paper.
Look for local tips and advice.

Audio book in the evening?
Wake up to music in the morning?
The paper is here too.
And the iPad is charged for the day.

Shhh.

Shop, Tradeshow.

Sell Eye-to-Eye.

Product presentations via iPad right at your stand. With a flick of the wrist take the iPad over to the table. The iPad is always charged, can be used without limits, and can be securely locked.

At home.

Music is hanging on the wall.

Discover, manage, visualize, and stream music to your speakers. That's all the stereo you need.

sDock^{PRO} looks always great.
